General Terms and Conditions:

The IEEP may choose to inspect locations to verify satisfactory completion of the projects, and to measure and verify energy savings. Such inspections will be made at a time convenient to the applicant, with advanced notice to the applicant. Misrepresentation of installation location or measure eligibility may result in forfeiture of the incentive award.

The reimbursement is taxable as gross income. Customers are responsible for any such tax implications associated with such a reimbursement. The Village of Akron and IEEP are not responsible for any tax consequences associated with any payments. Village of Akron and IEEP assume no responsibility for performance of equipment and equipment warranty. The equipment purchased must be installed within the Village of Akron electric service territory. The customer relieves the Village of Akron and IEEP of any and all liability associated with this project.

I agree to the terms and conditions of this document. I understand that I am fully liable for any tax consequence that may arise from this reimbursement.

Akron Appliance Advantage – Qualifying Measures Worksheet

The IEEP has evaluated and qualified the following energy saving measures listed on this page. For the appliance to be eligible it must meet the minimum qualifying standards. There is a maximum of \$1,000 incentive amount per customer for this program. If you have any questions or need any assistance, please feel free to contact our sub-contractor for this program, Honeywell DMC, at (800) 263-0960. To find out more about ENERGY STAR appliances or to inquire about qualifying products, visit the ENERGY STAR website at: www.energystar.gov

Please make sure the product has the Energy Star label.

Approved Measure	Incentive Amount	Efficiency Criteria Documentation is Required	Manufacturer	Model #	Qty	Total Incentive Amount
Air Conditioner (Central Air)	\$50/ton	ENERGY STAR Labeled-min. of 13 SEER/11 EER
